

HOW TO GET STARTED WITH DUPIXENT[®] (dupilumab)

THE PATH TO DUPIXENT: A STEP-BY-STEP GUIDE

Once you and a specialist decide DUPIXENT is right for your loved one, there are a few important steps you'll need to take to get started.

1

EXPLORING INSURANCE AND PAYMENT OPTIONS

The amount you pay for DUPIXENT will depend on a number of factors. The specialty pharmacy will contact your insurance company to confirm your coverage and will contact you directly to arrange for your copay. Savings may be available with the *DUPIXENT MyWay*[®] Copay Card.

2

FILLING YOUR PRESCRIPTION

DUPIXENT is only available via a specialty pharmacy. This is a great time to enroll in *DUPIXENT MyWay* for more support and guidance.

3

RECEIVING AND STORING DUPIXENT

You'll receive a call from the specialty pharmacy to deliver to your home or your doctor's office. If DUPIXENT is delivered directly to you, be sure to store per the instructions that accompany the medication.

4

ADMINISTERING THE INJECTION

Head to your doctor's office for your scheduled appointment. See the detailed "Instructions for Use" that comes with DUPIXENT for information on how to prepare and inject DUPIXENT. Use DUPIXENT exactly as prescribed by your healthcare provider - they will decide if you can administer DUPIXENT to your loved ones. Do not try to prepare and inject DUPIXENT until you have been trained by your healthcare provider.

See additional administration tips on dupixent.com.

Questions? We're here to help. Dial 1-844-DUPIXENT (1-844-387-4936), option 1 to speak to a *DUPIXENT MyWay* Case Manager, or visit dupixent.com for more information.
